Key Design Principles

1. **Liturgical awareness** — Season banner + color always visible for context
2. **At-a-glance scanning** — Color-coded categories, icons for amenities
3. **Role-based views** — Admins see edit/assign; members see RSVP/join
4. **Multi-campus support** — Filter and toggle between locations
5. **Accessibility-first** — Icons indicate wheelchair, childcare, livestream
6. **Mobile-responsive** — Stacked layout for sidebar nav on smaller screens
7. **Volunteer gaps surfaced** — ⚠️ indicators proactively flag open needs
